I am writing this letter of recommendation in support of Emily Mills who is applying for a teaching position in your school or district. I have known Ms. Mills for several years and have had opportunities to observe her as a classroom teacher and through professional development courses in the Cherokee County School District, Canton, GA.

Ms. Mills demonstrates expertise and innovation using technology in her classroom. She recently completed a rigorous technology integration program in our district. Ms. Mills completed 100 hours of technology related professional development and conducted various technology integration projects with her students. She served as a model for teachers in her school and our district.

In closing, it is with sincere conviction that I recommend Emily Mills as an excellent candidate for a teaching position.

Sincerely,
